

Police

Mission Statement

To maintain peace and order by providing the highest quality police service in response to community needs by apprehending criminals, developing partnerships and respecting individuals.

Department Description

The San Diego Police Department (SDPD) was established in May 1889. The Department provides patrol, traffic, investigative, record, laboratory and support services. In addition to the headquarters building downtown, the City is served by nine area commands (divided into 19 service areas policing 122 neighborhoods) and the Traffic Division.

The SDPD addresses its mission statement by practicing community-based policing and problem solving. The Department identifies this practice and philosophy as Neighborhood Policing. Neighborhood Policing requires a shared responsibility between the Police Department and the residents of San Diego for addressing underlying problems contributing to crime and the fear of crime. The men and women of the SDPD work together in a problem solving partnership with communities, government agencies, private groups and individuals to fight crime and improve the quality of life for the residents and visitors of San Diego.

Service Efforts and Accomplishments

San Diego Remains One of the Safest Large Cities

Overall crime decreased 2.3 percent in calendar year 2006 with a crime rate of 39.4 crimes per 1,000 people. Violent crime fell 3.2 percent compared to calendar year 2005 and the number of violent crimes reported were at their lowest level since 1985. Additionally, San Diego had the lowest homicide rate of the ten largest cities in the country based on calendar year 2005 data.

New Helicopter Fleet Purchased

The San Diego Police Department deployed four new American Eurocopter A-Star helicopters. The new units are faster and more powerful than the previous fleet and have been a significant advantage for providing support to officers on the ground. Additional equipment which aids helicopter aircrews in apprehending suspects includes a sophisticated thermal infrared imaging system, video camera system, digital recording capabilities, microwave

Police

Service Efforts and Accomplishments

downlink system, Lo-Jack tracking equipment and a moving map system. The radio equipment in the new fleet allows the aircrews to communicate with virtually any other government agency in the region. The new fleet will also have the capability to hoist victims to safety in an emergency, assist in dropping water on fires and transport officers to or from the scene of an emergency.

New Video Surveillance System in Mid-City Community

With assistance from the City Heights Redevelopment Project Area, the San Diego Police Department partnered with the Park and Recreation Department to install four surveillance cameras on the major thoroughfares in the Mid-City Community. This allows for constant monitoring and can address illegal activity both reactively and proactively.

New Northwestern Division Area Station

The City's newest Police Department area station began operations on March 10, 2007, serving the northwest area of the city in the Carmel Valley and adjacent communities.

Increased Number of Recruit Applicants

In response to recruitment challenges facing the Department, numerous changes were implemented within the Background and Recruiting Unit. As a result, the Police Department continues to experience increases in the number of applicants testing each month. Changes made to the unit include the addition of a third test date each month, a significant reduction in the amount of time to process a background investigation, dedicating more recruiters to the unit and the deletion of duplicate information on pre-investigative questionnaires.

Two New Mobile Command Vehicles Acquired

The Police Department has taken possession of two new mobile command vehicles (MCVs) purchased using Urban Area Strategic Initiative grant funding. Both MCVs will be outfitted with state-of-the-art information technology equipment valued at over \$180,000. This equipment was purchased through three separate grants. These vehicles will be used for critical incidents such as natural disasters or terrorist threats.

Level "C" Suit Certification Course for Police Officers

To better prepare police officers to identify and safely respond to a terrorist incident involving a hazardous materials release, all police officer dispatchers received Law Enforcement Response to Terrorism (LERT) training. Additionally, several hundred specially assigned officers have been certified in First Responders Operations - Law (FRO-Law), where they were issued safety equipment to safely mitigate and manage a terrorist incident involving exposure to weapons of mass destruction.

Budget Dollars at Work

- Dispatched 626,067 calls for police services, including 471,927 calls for 9-1-1 emergencies
- Served 122 San Diego neighborhoods

(1) Existing Helicopter fleet was appraised at \$1.7 million. This amount will be used to pay for the sales tax and part of the first lease payment of the new Helicopter fleet.

(2) Change due to an increase/decrease in Non-Discretionary Accounts.

(3) Per the City Council's action authorizing to use Fiscal Year 2007 Seized Assets money to fund the sales tax payment and the first lease payment of the new Police Helicopters.

(4) Effective Fiscal Year 2007, the salary for the STAR/Pal Program Manager is budgeted within the General Fund.
